

## DUAL-CAPSULE, PILL WITHIN A PILL TECHNOLOGY

Introducing the world's most advanced capsule technology. New, advanced dual-capsule technology harnesses the power of a super-concentrated, micronized powder capsule suspended within a highly bioavailable liquid capsule. The rapid-release liquid is isolated from the powder, separating the ingredients in their most stable inherent states until the rapid ingredient co-release! This advanced technology overcomes the limitations of outdated liquid and powder pills by synergizing two capsules in one. It's technology meeting efficacy without compromise.

## TECHNOLOGY MEETS EFFICACY WITHOUT COMPROMISE

### ADVANCED DUAL-CAPSULE TECHNOLOGY

This breakthrough, patented process physically isolates distinct active ingredients into two separate capsules. The inner pill powder harnesses a high-quality combination of thermogenic and neurosensory ingredients. That pill is suspended in a bioavailable liquid matrix featuring AlphaSize® alpha-GPC.

#### FAST-RELEASE LIQUID PILL

Featuring choline, a nutrient that is a precursor required to produce the neurotransmitter acetylcholine.

#### THERMO WEIGHT LOSS PILL
