* Daily Value not established.

OTHER INGREDIENTS: Cellulose, Polyethylene Glycol, Enteric Coating (Cellulose, Sodium Alginate, Medium Chain Triglycerides, Oleic & Stearic Acid), Mica, Artificial Colors (FD&C Blue #1 Lake, FD&C Yellow #6 Lake, FD&C Red #40 Lake), Vegetable Acetoglycerides, Natural Mint Flavor, Sucralose.

WARNING: Use only as directed. Do not exceed recommended daily intake. Consult your physician prior to using this product if you are pregnant, nursing, taking medication, or have a medical condition. Discontinue use two weeks prior to surgery.

In a randomized, double-blind, placebo-controlled study, 50 healthy, untrained male volunteers were given the clinical module or a placebo. Each subject exercised on a cycle ergometer prior to receiving the supplement or placebo and again after the treatment period was finished. Those subjects that supplemented the clinical module had a 20% increase in PWCFT (physical working capacity at the fatigue threshold) after four weeks of supplementation relative to the placebo group.
